WHO WE ARE

We are **A Nutraceutical & Healthcare Company**

that creates products from cannabis, hemp and kratom for better health and healing. Our policy focuses on being Medical Grade, covering the entire process from cultivation, extraction, research, development and design of health products, extending to clinical services. We invest time in researching, developing and designing products in collaboration with expert teams from various fields since the establishment of the company in 2021.

With high-quality extraction technology and global manufacturing technology, our herbal products are highly effective and recognized by medical professionals. These include innovative dietary supplements, disease treatment medications, beauty products and pet products. Additionally, we have collaborated with the Department of Medical Sciences, the Department of Thai Traditional and Alternative Medicine in product development.

WE PROVIDE...

- **Manufacturing and Contract Manufacturing** : Producing consumer products from natural ingredients and medicinal products.
- **Thai Herbal Innovation** : Developing medications and dietary supplements from Thai herbs.
- **Health Services** : Integrative clinic services combining Eastern and Western health sciences.

“VISION”

We aim to be a regional leader in the Nutraceutical & Healthcare field, supplying high-quality, innovative medical products whilst promoting Thailand as the Medical Hub of Asia.

”

Pornchai Padmindra
CEO & FOUNDER

02

OUR OPERATIONS

RESEARCH AND DEVELOPMENT

- Extraction Research & Development with Department of Medical Science
- Co-operation in Research & Development with Walailak University
- Co-operation in Research & Development, herbal medicine development including cannabis, hemp and kratom for medical use with Department of Thai Traditional and Alternative Medicine.
- Collaborating in innovative research and producing products related to cannabis, hemp and kratom alongside Chularat 9 Airport Hospital.

MEDICAL-GRADE CANNABIS CULTIVATION

Utilizing advanced technology in a closed-system indoor cultivation where we control and monitor all growth factors including light, humidity, temperature and mineral nutrients. Additionally, we implement measures to protect against plant pests and contamination by microorganisms.

Furthermore, our adherence to GMP (Good Manufacturing Practice) and GAP (Good Agricultural Practice) standards ensures the high quality and efficacy of raw materials for the production of innovative medical-grade products.

DR.C
MEDICAL SCIENCE

MEDICAL-GRADE CANNABIS EXTRACTION

Emphasizing the high-quality, pure natural extracts to premium medical standards, we produce a wide variety of consistently superior cannabinoid extracts, including Full Spectrum, Broad Spectrum and CBD with purity ranging from 85% to 99%. Our range also includes water-soluble and nano-emulsified CBD extracts.

CBD
FOR A BETTER LIFE

VITAL HEALTH CAFÉ

Health-focused café offering food and beverages at Vital Medi Clinic and distributing products under Dr. CBD's brand.

DR.CBD CLINIC

Alternative Medicine and Preventive Medicine services provided at two locations in Navavej International Hospital and Villa Market Hua Hin.

BENEFITS OF CBD

CBD or Cannabinoids can be used for both humans and animals. Both humans and animals have an Endocannabinoid system that controls and maintains important processes, ensuring a balanced life.

However, as we age or become ill, the body produces less CBD, leading to an imbalanced Endocannabinoid system. **CBD from cannabis plants can act as a substitute** and is the same type of substance found within both human and animal bodies.

CBD AND ITS THERAPEUTIC BENEFITS :

PHYSICAL HEALTH

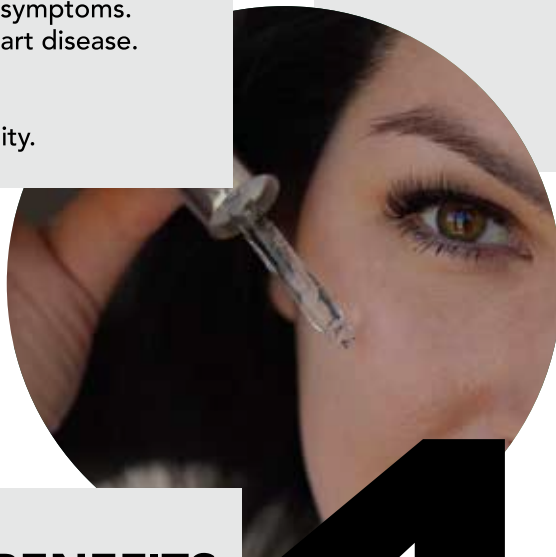

- Reducing inflammation and relieving various chronic nerve-related conditions.
- Easing nausea after undergoing chemotherapy for cancer treatment.
- Alleviating appetite loss and weight loss in HIV-infected individuals.
- Supporting patients with muscle weakness disorders.
- Providing relief for Parkinson's disease symptoms.
- Alleviating and managing diabetes symptoms.
- Helping to alleviate and prevent heart disease.
- Treating psoriasis.
- Treating fibromyalgia.
- Assisting with improving sleep quality.

MENTAL HEALTH

- Relaxing, anxiety and reducing stress levels.
- Easing symptoms of depression.
- Treating psychological conditions after severe trauma (PTSD).
- Assisting patients with substance addiction, pain management and withdrawal.
- Alleviating various psychological conditions.

CBD AND ITS BEAUTY BENEFITS

- Reducing acne and inflammation.
- Providing moisturization, diminishing wrinkles and dark spots.
- Shielding the skin from UV rays.
- Strengthening the scalp and hair strands.
- Minimizing hair loss.
- Revitalizing dry and damaged hair.

10

OUR PRODUCTS

BASED ON THREE PRINCIPLES.

1

SAFETY & NON-TOXICITY

Safety & Non-Toxicity, meaning that the product must be safe for consumers and non toxic to the body.

2

CONSISTENCY

Consistency being the standard in production for every batch.

3

EFFICACY

Efficacy being the product effectiveness.
We are committed to delivering what we say!

BENEFITS OF CBD

PET PRODUCTS
THAT ADDRESS HEALTH CONCERNS EFFECTIVELY.

PHYSICAL HEALTH

PAIN RELIEF

CBD reduce pain and discomfort in pets such as arthritis, joint pain and injuries.

REDUCE INFLAMMATION

CBD reduce the production of proteins that cause inflammation.

SEIZURE CONTROL

CBD has potential anticonvulsant properties and may be effective in reducing the frequency and severity of seizures in pets with epilepsy.

DIGESTIVE TRACT ISSUES

CBD support the regeneration of a healthy gut in pets with various digestive issues.

APPETITE STIMULATION

CBD help stimulate appetite in pets that have lost their appetite due to illness or other causes.

SKIN CONDITIONS

Beneficial in treating various skin conditions such as allergies, dermatitis and hot spots.

NERVOUS SYSTEM SUPPORT

CBD can relieve nausea and vomiting in pets, especially those undergoing chemotherapy or suffering from motion sickness.

13

MENTAL HEALTH

ANXIETY

CBD can reduce stress and anxiety in pets caused by situations like car rides, grooming, loud noises and separation anxiety.

AGGRESSION

Many of studies show full spectrum hemp extract's ability to ease mood disorders. Most animal behaviorists agree that animal aggression is primarily caused by fear and anxiety.

DEPRESSION

CBD can help alleviate depression relatively quickly, but it may take longer than pharmaceuticals as it restores balance to the body instead of simply masking symptoms.

PTSD

CB1 receptors (CBD receptor) are a part of the nervous system that helps to get rid of negative memories and emotions related to fear, often found in the PTSD circuit.

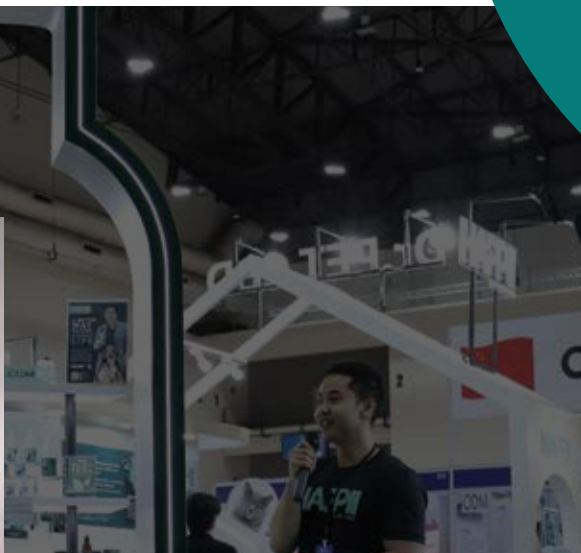

CBD HEALTH BENEFITS IN EXOTIC PETS

CBD CAN BE USED ON EXOTIC PETS TO HELP MANAGE A VARIETY OF CONDITIONS INCLUDING :

- Pain
- Skin Conditions
- Inflammation
- Immunoregulation
- Anxiety

WILLY MCINTOSH AND DR. CBD LAUNCHED DR.PET CBD, THE INNOVATING QUALITY PRODUCTS FROM CBD EXTRACTS, CREATED FOR THE WELLBEING OF YOUR BELOVED PETS.

Innovative products that will put your mind at ease and help improve your pet's quality of life.

Recent research from Cornell University's College of Veterinary Medicine found that dogs given CBD for a month can help recover from anxiety, digestive disorders, epilepsy, seizures, immune systems, skin allergies, movement and joints and improvement in pain levels and their quality of life without discernible side effects.

(source: <https://www.ellevetsciences.com/cbdscience>)

Further research showed promising results in the use of CBD to treat canine cancer by treating inflammation and pain, reducing the spread of cancer cells and aids in stimulating the appetite. (source: <https://www.akcchf.org>)

PET PRODUCTS THAT ADDRESS HEALTH CONCERNS EFFECTIVELY.

Dr.CBD, Thailand's leading nutraceutical company has collaborated with Duncan MacRae, founder of Kratom.com website and Kratomade, the largest kratom extract contributor in the world, to elevate Thai herbal products to a global level and to lift up the consumer overall well-being with the combined synergistic knowledge of traditional herbal medicines from the East and innovations from the West.

Dr. Kratom Bio is a specialized business in the line of extraction and production of premium quality medical grade Kratom products. Dr. Kratom Bio begins with research and development to the final end product using advanced technology to ensure consistent high-quality production, free from pesticides and chemical contaminants. Mitra G and Kooze, the brands under Dr. Kratom Bio, have high safety production measures to ensure social responsibility and to forward our reputation as a globally trusted brand.

THAI WISDOM : THE MIRACULOUS KRATOM PLANT

Kratom contains various functional substances such as Mitragynine, Speciogynine, Paynanthine and Speciociliatine as main compounds including Alkaloids and more... They have a role in reducing blood sugar level, lowering blood pressure and reducing cholesterol.

- According to Traditional Thai Pharmacopoeia, Kratom leaves are key herbs used for healing and curing.
- Kratom leaves can be used to relieve body pain, stomachache and diarrhea. It is commonly used to manage mental health and aid in relaxation.
- Kratom bark can be used to treat diarrhea, stomach ache, rectal bleeding, dyspepsia, diabetes, hypertension and skin diseases.

DR.KRATOM BIO

Under Dr.Kratom Bio, we have introduced 2 brands of products tailored to meet the diverse needs of consumers including :

KOOZE
POWER UNLIMITED

Mitragynine is extracted and incorporated into many different forms of products such as lozenge, instant powder, effervescent tablets, jelly and more.

KOOZE is a suitable product for everyday use to simply boost and freshen up the mind and body, caffeine-free.

MITRA G
KRATOM INNOVATION

Mitragynine from Kratom combined with Thai herbs formulated from the indigenous knowledge of Traditional Thai Medicine in the form of dietary supplements and remedies for healing purposes.
